

An urgent message from the Outreach Committee —

In response to the tragic earthquake in Haiti on January 12, the UUSC and UUA have launched a joint relief effort. They have already communicated and begun working with three of the Haitian grassroots organizations that they have previously partnered with in the past. They are communicating with more groups every day. The immediate need is for money. You can donate to this fund online, by writing a check directly to the Fund, or by contributing money here at First Universalist Church and we will see that the money goes to the Fund. Our church will be identified with each online donation. The donations are tax deductible. The online donations can be made with Visa, American Express or MasterCard.
